

Environmental Policy

The Environmental policy of this company is to:

- Recognise our responsibility to acknowledge, monitor and control any aspects of the company's activities, products and services that can interact with the environment.
- Develop strategies to minimise our impacts and as a minimum, comply with all relevant legislation and regulations in this regard.
- Monitor, review, and strive to reduce the use of natural resources and strive to recycle as many recyclable materials used by the company.
- Aim to eliminate any adverse impacts to the environment resulting from the company's activities.
- Pay special attention to any company activity that could cause pollution.
- Carry out any relevant Risk Assessments to highlight any safety precautions that need to be implemented.
- Ensure efficient use of natural resources is always made.
- Monitor company activities with a view to continual improvement of environmental awareness.
- Ensure all employees are aware of this policy and are trained to implement it to the best of their ability.
- Strive for continual improvement in our environmental performance and through the contribution of every employee ensure we are committed to reduce our impacts.
